The American Legion Preamble

For God and Country, we associate ourselves together for the following purposes: To uphold and defend The Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our association in all wars; to inculcate a sense of individual obligation to the community, state, and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and goodwill on earth; to safeguard and transmit to posterity the principles of justice, freedom, and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

I. Background and Introduction

In light of numerous challenges facing The American Legion, Department of Oregon for sustained Membership and growth, and to increase membership and post development by creating a culture of growth, it was determined in the summer of 2011 during a strategy session with our department leadership to create a five year plan. Outcomes of that session identified five areas that needed to be worked. Since the strategy session, our National Organization passed Resolution No. 64, giving authority to create a Strategic Plan for Membership growth. The five key elements of this Plan are Create Brand Awareness; Communications; Training/Education/Leadership Development; Post Development and Revitalization; and Membership Recruiting and Retention. This Strategic Plan for The American Legion, Department of Oregon supports that sustained membership growth.

Much preparation and feedback went into the development of this Plan, including:

* Development of Strategic Membership Plan background documents highlighting challenges we faced, history, and potential opportunities.

* Discussion of this background information, and major membership retention and growth challenges with the Membership Commission and leadership, and experts in our Department and the National Organization.

* Soliciting information and ideas from the leadership, Membership Commission, and members on all facets of the Plan.
Development of this Plan began with reviewing our National Strategic Plan for Sustained Membership Growth; our strategy sessions; input from Departments with the success they shared; development of successful strategy plans from organizations with similar membership growth concerns and workable solutions. We identified six critical success factors:

a. Create Brand Awareness.

b. Enhance member communication and contact.

c. Retain existing membership while working to attract new members.

d. Increase training/education/leadership development.

e. Post creation, development, and revitalization.

f. Measurable Goals and Accountability, supported by visual illustrations.
