FORWARD

Order of Priority:

- National Constitution
- National By-laws
- Department Constitution
- Department By-Laws
- Department Policy
- Department Code of Procedure

POLICY – A policy is similar to a constitution’s “by-law”. Where a policy is a directive in that the particular Department. General expectations and what needs to be accomplished.

CODE OF PROCEDURE – A Code of Procedure is like a “manual”. It can be described as the guidelines or instructions for doing something correctly. These are the principles that govern the conduct or behavior of an individual in an organization.

To better understand the difference between the Department Policies and the Code of Procedures, think of it like this. Policies tell you Why and What is to be done. The Code of Procedures tells you When it is to be done, and How to do it.

The policies address the general portions of the policies. Things such as “the vault door needs to be locked.” It does not necessarily address “specifically” who should lock the vault door, when it is to be locked, or how to lock the vault door.

The “who” in the above example would be addressed in the policy if only a certain person were to be the only person that is authorized to lock the vault door, when it should be locked and how to lock it.

The policies contain items that “cross borders,” as an example if the Permanent Finance Committee had a specific need to direct, oversee, etc. another committee or some of that committees’ action(s). Having it in the Code of procedures for the second committee would not be directive in nature to them.

POLICY COMMITTEE

RENTAL OF AMERICAN LEGION FACILITIES

Policy No.: 16-9-011

Date: 9-25-2016

Applicable to: All Department of Oregon Posts

Responsible Officer: Department Adjutant

Review Date: Bi-Annually

Introduction:

Each American Legion Post is its own entity and operates under its own Constitution and By-laws. The rental of American Legion Posts is up to the Post Executive Committee and the General Membership. However, the Department of Oregon requests that each Post will diligently review how they rent their facilities, especially when it comes to renting or charging rent to one of the Post's own programs (i.e. S.A.L. or Legion Riders). Even the Auxiliary, whose sole purpose is to support the American Legion shouldn't be put under the same conditions that rental to an outside party is.

Policy:

The Department of Oregon strongly recommends that each Post that rents out their facility have a well-documented procedure and cost element for all rentals. Whether they are to a Post Member, a Post Program, the Auxiliary, an outside group or organization.

The Post should have a listing of:

Fees
Proof of Insurance
Necessary City, County, or State permits
OLCC compliance procedures
Lotto compliance procedures

Any requesters for rental of the American Legion Facilities should be given a list of the above when the request is received.

The use of a Post bar/lounge must be used according to IRS, OLCC, and any other federal or state rules and regulations. The use of NRB income must be used according to IRS requirements.²

SOCIAL COMPUTING AND INFORMATION TECHNOLOGY RESOURCES

Policy No.: 16-9-013

Applicable to: All Department of Oregon Legionnaires

Responsible Officer: Department Public Affairs Officer

Review Date: Bi-Annually

Introduction:

Social media refers to online tools and services that allow any Internet user to create and publish content. Many of these sites use personal profiles where users post information about themselves. The "social" in social media comes in as these individuals find others with similar interests and interact with them through online communities, sharing information and knowledge, offering support, and networking. - a. Unlawful Use - Oregon and federal laws provide for civil and criminal penalties for violations of the law of systems use. UNRELATED BUSINESS INCOME TAX

Policy No: 16-9-014

Date: 9-25-2016

Applicable to: All Department of Oregon Posts

Responsible Officer: Department Finance Officer

Review Date: Bi-Annually

Introduction:

The American Legion has a general exemption from federal income tax. However, it may be subject to tax on unrelated business income. Because of the Tax Reform Act of 1969, Congress imposed this tax on virtually all-exempt organizations. The primary objective of the tax has been to place the unrelated business activities of nonprofit organizations on the same level as those of the commercial entities with which they compete. Congress, therefore, wanted to make certain that an exempt organization does not exploit its exempt status for purposes of unfair competition with businesses that pay income tax.

The term unrelated business is defined as any business, the conduct of which is not substantially related to the exercise or performance of an organization's exempt purpose. Just because the organization needs the income to survive does not make the activity related to an organization's exempt purpose. For the business to be unrelated, it must be regularly carried on by the organization.

Unrelated business taxable income of a veterans' organization that is exempt under section 501(c) (19) does not include the net income from insurance business that is properly set aside. The organization may set aside income from payments received for life, sick, accident, or health insurance for the organization's members or their dependents for the payment of insurance benefits or reasonable costs of the insurance administration, or for use exclusively for religious, charitable, scientific, literary, or educational purposes, or the prevention of cruelty to children or animals. For details, see section 512(a)(4) and the regulations under that section.

Policy:

The list of income that could be subject to tax is varied and includes:

- Forms and equipment sold to trade association members
- Sales or leasing of mailing lists
- Advertising in publications of the organization
- Insurance programs in which the organization has more than a passive involvement

- Income (such as rents or interest) from debt-financed property.

Due to the complicated nature of this IRS tax policy, the Department of Oregon recommends that each Post be familiar with:

1. Section 501 of the Internal Revenue Code
2. Internal Revenue Code 4401(c)
3. Form 990-T (Filed if gross receipts from the unrelated business activity are greater than \$999.00)
4. Form 730 (Filed to report wagering tax on pull tabs/raffles)

Religion – Treating a person unfavorably because of his or her religious beliefs. Not only people who belong to traditional, organized religions, such as Buddhism, Christianity, Hinduism, Islam, and Judaism but also others who have sincerely held religious, ethical, or moral beliefs.

Retaliation - to fire, demote, harass, or otherwise "retaliate" against people (applicants or employees) because they filed a charge of discrimination, because they complained to their employer or other covered entity about discrimination on the job, or because they participated in an employment discrimination proceeding (such as an investigation or lawsuit).

Sex – treating someone unfavorably because of that person's sex. It also can involve treating someone less favorably because of his or her connection with an organization or group that is generally associated with people of a certain sex.

Sexual Harassment – harassing a person because of that person's sex. Harassment can include "sexual harassment" or unwelcome sexual advance, requests for sexual favors, and other verbal or physical harassment of a sexual nature.
